THURSDAY, APRIL 25, 2013 › SAN FRANCISCO

*Honoring
the brave men and
women of the
United States
Coast Guard*

COAST GUARD FOUNDATION

Fallen Heroes Scholarship Fund

PHOTO BY MIKE KITRELL

For those who made the greatest
sacrifice, your help is needed.

With your support, the Coast Guard Foundation provides scholarships to benefit the children and dependents of Coast Guard personnel who make the ultimate sacrifice and perish in the line of duty.

For more information, visit www.CoastGuardFoundation.org.

WELCOME TO THE
COAST GUARD FOUNDATION

*Pacific Area
Awards Dinner*

THURSDAY, APRIL 25, 2013
SAN FRANCISCO

Thank you for joining us in supporting the
men and women of the United States Coast Guard.
Your support of their efforts is critical to our success,
and we thank you for your generosity.

KEYNOTE SPEAKER

Admiral Robert J. Papp, Jr., USCG
Commandant of the United States Coast Guard

SERVICE MEDLEY

United States Coast Guard Band Brass Quintet

ADMIRAL ROBERT J. PAPP, JR.

*Commandant
United States Coast Guard*

ADMIRAL ROBERT J. PAPP, JR. assumed the duties of the 24th Commandant of the United States Coast Guard on May 25, 2010. He leads the largest component of the Department of Homeland Security (DHS), comprised of 42,000 active duty, 8,200 Reserve, 8,000 civilian and 31,000 volunteer Auxiliarists.

The Coast Guard is “Semper Paratus” – Always Ready – to use its distinctive blend of military, humanitarian and law enforcement capabilities to save lives and property at sea, protect and maintain our ports and maritime transportation system, secure our borders, respond to natural disasters, protect our marine environment and defend our nation.

The Coast Guard is also America’s oldest continuous seagoing service and one of the nation’s five armed services. We trace our history back to August 4, 1790, when the first Congress authorized the construction of ten vessels to enforce tariff and trade laws and to prevent smuggling. Our people are committed to the Coast Guard’s core values of Honor, Respect and Devotion to Duty.

As a flag officer, Admiral Papp served as Commander, Coast Guard Atlantic Area, where he was operational commander for all U.S. Coast Guard missions within the eastern half of the world and provided support to the Department of Defense; as the Chief of Staff of the Coast Guard and Commanding Officer of Coast Guard Headquarters; as Commander, Ninth Coast Guard District, with responsibilities for Coast Guard missions on the Great Lakes and Northern Border; and as Director of Reserve and Training where he was responsible for

managing and supporting 13,000 Coast Guard Ready Reservists and all Coast Guard Training Centers.

Admiral Papp has served in six Coast Guard cutters, commanding four of them: *Red Beech*, *Papaw*, *Forward*, and the training barque *EAGLE*. He also served as commander of a task unit during Operation *Able Manner* off the coast of Haiti in 1994, enforcing United Nations sanctions. Additionally, his task unit augmented U.S. Naval Forces during Operation *Uphold Democracy*.

He is a 1975 graduate of the United States Coast Guard Academy. Additionally, he holds a Master of Arts in National Security and Strategic Studies from the United States Naval War College and a Master of Science in Management from Salve Regina College.

Admiral Papp is the 13th Gold Ancient Mariner of the Coast Guard. The Gold Ancient Mariner is an honorary position held by an officer with over ten years of cumulative sea duty who has held the qualification as a Cutterman longer than any other officer.

Admiral Papp is a native of Norwich, Connecticut. He is married to the former Linda Kapral of East Lyme, Connecticut. Admiral and Mrs. Papp have three daughters, and one granddaughter.

VICE ADMIRAL PAUL F. ZUKUNFT

*Commander, Pacific Area
Commander, Defense Force West
United States Coast Guard*

VICE ADMIRAL PAUL F. ZUKUNFT PREVIOUSLY SERVED as the Assistant Commandant for Marine Safety, Security and Stewardship. His other Headquarters flag assignments include the Director of Response Policy and the Assistant Commandant for Capability.

In 2010, Vice Admiral Zukunft served as the Federal On-Scene Coordinator for the Deepwater Horizon Spill of National Significance, where he directed more than 47,000 responders, 6,500 vessels and 120 aircraft during the largest oil spill in U.S. history.

Vice Admiral Zukunft was promoted to flag rank in 2006. His previous flag assignments include Commander, Eleventh Coast Guard District and Director, Joint Interagency Task Force West.

Vice Admiral Zukunft's senior staff assignments included Chief of Operations, Coast Guard Pacific Area and Chief of Operations Oversight, Coast Guard Atlantic Area where he directly supervised all major cutter operations in the Atlantic and Pacific theaters. He also served as Chief of Staff, at the Fourteenth Coast Guard District in Honolulu. He has commanded six units and served extensively in the cutter fleet where he commanded the cutters *Cape Upright*, *Harriet Lane*, and *Rush*.

Vice Admiral Zukunft graduated from the United States Coast Guard Academy in 1977 with a Bachelor of Science degree in Government; from Webster University in 1988 with a Master of Arts degree in Management, and from the U.S. Naval War College in 1997 with a Master of Arts degree in National Security and Strategic Studies.

He is a graduate of the Asia Pacific Center for Strategic Studies Executive Seminar and Harvard's Kennedy School of Government National Preparedness Leadership Initiative course.

Vice Admiral Zukunft is a native of North Branford, Connecticut. He wears the permanent Cutterman pin and is a certified NIMS ICS Type I Area Commander. His personal awards include the Department of Homeland Security Distinguished Service Medal, Defense Superior Service Medal, three Legions of Merit and five Meritorious Service medals with "O" device, among others.

★ NATIONAL ANTHEM AND SERVICE MEDLEYS ★

STAR SPANGLED BANNER

O! say can you see by the dawn's early light,
What so proudly we hailed at the
twilight's last gleaming,
Whose broad stripes and bright stars
through the perilous fight,
O'er the ramparts we watched,
were so gallantly streaming?
And the rockets' red glare,
the bombs bursting in air,
Gave proof through the night that
our flag was still there;
O! say does that star-spangled banner yet wave,
O'er the land of the free and the home of the brave?

UNITED STATES ARMY

First to fight for the right,
And to build the Nation's might,
And The Army Goes Rolling Along
Proud of all we have done,
Fighting till the battle's won,
And the Army Goes Rolling Along
Then it's Hi! Hi! Hey!
The Army's on its way.
Count off the cadence loud and strong
For where e'er we go,
You will always know
That The Army Goes Rolling Along.

UNITED STATES MARINES

From the Halls of Montezuma
To the shores of Tripoli,
We will fight our country's battles
On the land as on the sea!
First to fight for right and freedom,
And to keep our honor clean,
We are proud to claim the title
Of United States Marine.

UNITED STATES NAVY

Anchor's aweigh, my boys, anchor's aweigh,
Farewell to college joys, we sail at break of day
Through our last night on shore,
Drink to the foam until we meet once more,
here's wishing you a happy voyage home!

UNITED STATES MERCHANT MARINE

Heave ho, my lads, heave ho
It's a long, long pull with our hatches full.
Braving the wind, braving the sea,
Fighting the treacherous foe.
Heave ho, my lads, heave ho,
Let the sea roll, high or low,
We can cross any ocean, sail any river,
Give us the goods, and we'll deliver,
[Darn] the submarines,
We are the men of the Merchant Marines.

UNITED STATES AIR FORCE

Off we go into the wild blue yonder,
Climbing high into the sun;
Here they come zooming to meet our thunder,
At 'em boys, Give 'er the gun!
(Give 'er the gun now!)
Down we dive, spouting our flame from under,
Off with one helluva roar!
We live in fame or go down in flame. Hey!
Nothing'll stop the U.S. Air Force.

UNITED STATES COAST GUARD

From Aztec shore to Arctic zone,
To Europe and Far East.
The Flag is carried by our ships,
In times of war and peace.
And never have we struck it yet,
In spite of foe-men's might,
Who cheered our crews and cheered again,
For showing how to fight.
We're always ready for the call,
We place our trust in Thee.
Through surf and storm and howling gale,
High shall our purpose be.
"Semper Paratus" is our guide,
Our fame, our glory too.
To fight to save or fight to die,
Aye! Coast Guard, we are for you!

COAST GUARD FOUNDATION 2013
PACIFIC AREA AWARDS DINNER

Awardees

CGC *Bertholf*, homeported in Alameda, transits out of the San Francisco Bay and into the Pacific Ocean as it starts a deployment.
USCG PHOTO BY PETTY OFFICER 2ND CLASS LEVI READ

ADMIRAL JOHN B. HAYES AWARD FOR UNIT EXCELLENCE

Crew of CGC Bertholf

THIS YEAR'S WINNER OF THE ADMIRAL JOHN B. HAYES AWARD for Unit Excellence is the crew of the Cutter *Bertholf*, homeported in Alameda, California, which has demonstrated the highest level of professionalism in carrying out its vital national security mission.

The Cutter *Bertholf* is the vanguard of the Coast Guard's persistent, capable and expanding reach of maritime governance in the Pacific. In 2012, the crew began with an intensive maintenance and training period in preparation for a 144-day deployment. The crew adopted new techniques for efficiency in training, which were ultimately adopted as best practices, establishing standards for sustained fleet maintenance models.

The *Bertholf* also served as a testing and evaluation platform for understanding the Coast Guard's capabilities and reach in offshore and coastal operating areas. Crew members were central in determining the best of three competing designs.

In addition to these testing successes, the *Bertholf* participated in a daring search and rescue operation in a deep Pacific gale to rescue two badly injured crewmembers of a British sailboat. The *Bertholf* safely negotiated 20- to 25-foot seas for more than 400 nautical miles, averaging a remarkable 18 to 20 knots. Once on scene, the *Bertholf* coordinated with two C-130s from Air Station Sacramento, and a helicopter from Air Station San Diego, as well as onshore medical personnel, to safely retrieve the wounded individuals from the sailboat.

The rescue proved on the world's stage the type of heroism and essential services the brave men and women of the Coast Guard provide on a daily basis, risking their lives to save others. Congratulations to the crew of the *Bertholf* on the Admiral John B. Hayes Award.

ADMIRAL JAMES S. GRACEY AWARD FOR PROFESSIONAL EXCELLENCE

AMT1 Stephen J. Chopek

PETTY OFFICER STEPHEN J. CHOPEK, a first class aviation maintenance technician stationed in Kodiak, Alaska, is the 2013 winner of the Admiral James S. Gracey Award for Professional Excellence in recognition of his superior performance of duty.

Chopek embodies the Coast Guard's core values of honor, respect and devotion duty, consistently showcasing excellence and professionalism in all aspects of his life, both on and off duty.

Chopek is being recognized for his on-duty work during a search and rescue mission when the helicopter he was onboard experienced a mechanical emergency, requiring immediately landing. The helicopter's tail rotor endured high oil temperatures, which, if not addressed right away, would cause the aircraft to lose control.

Chopek led the crew through emergency landing procedures, preparing for the possibility of an at-sea ditching, and ensured a mayday call was transmitted with an accurate location. With Chopek's help, the pilots landed safely among Kodiak's mountainous terrain. As if being forced to make an emergency landing weren't dangerous enough, once on land, Chopek noticed a number of bears near the helicopter's landing zone. The crew quickly vacated the helicopter and made its way to shore, where a Coast Guard small boat met them and took them to safety.

In addition to these actions, Chopek also serves as the chairman of Air Station Kodiak's Enlisted Flight Examining Board, where he conducted 18 flight mechanic and basic aircrew instructor flights, and 12 ground phase sessions with aspiring helicopter crew members.

In his personal life, Chopek further embodies the Coast Guard's core values. He is a coach for the Kodiak Football League, where he led fundraising efforts to help buy equipment for those children who

continued on next page

AMT1 Stephen J. Chopek

COAST GUARD FOUNDATION 2013 PACIFIC AREA AWARDS DINNER AWARDEES

continued from previous page

could not afford it. Chopek also volunteers with the local wrestling club, and helped raise money for a local martial arts tournament. He has also spent countless hours working at the Kodiak Christian School serving as an usher at religious services throughout the year.

ADMIRAL CHESTER R. BENDER AWARD FOR HEROISM

Coxswain and Boarding Team, CGC *Halibut*

BMCS Terrell Horne III • MK2 Jonathan D’Arcy • BM2 Michael I. Walker • FS2 Brandon Langdon

THE CHESTER R. BENDER AWARD goes to the coxswain and boarding team from the Cutter *Halibut*, stationed in Los Angeles/Long Beach. The team, consisting of BMCS Terrell Horne III, MK2 Jonathan D’Arcy, BM2 Michael I. Walker, and FS2 Brandon Langdon, demonstrated truly heroic actions the night of December 2, 2012, during a maritime law enforcement case.

CGC *Halibut*.

USCG AUXILIARY PHOTO BY STEVE LEE

During early morning hours, the *Halibut* noticed a suspicious unlit vessel among the rock shoreline of Santa Cruz Island, so the cutter deployed the small boat crew to investigate. As the small boat crew approached the unlit vessel and identified themselves as law enforcement, the suspicious boat ignored commands to stop and charged directly at the Coast Guard boat, crashing into them.

Prior to the collision, BM2 Walker had maneuvered the small boat to minimize the crash. MK2 D’Arcy, demonstrating superb composure and concentration, fired multiple rounds at the suspect vessel in attempt to defend himself and his crewmates. Once it became obvious that a collision was unavoidable,

BMCS Horne disregarded his own personal safety and pushed BM2 Walker from the path of the illegal boat. FS2 Langdon and BMCS Horne were both thrown from the boat into the water, with Horne suffering grievous injuries in the process.

The crew’s training kicked in, and MK2 D’Arcy shifted into his role of EMT, exhibiting remarkable skill and professionalism while he treated Horne. Despite the small boat being severely damaged in the crash, BM2 Walker was able to pilot the boat back to the *Halibut*, ensuring the best chances of a medical evacuation for BMCS Horne.

MK2 D’Arcy’s and FS2 Langdon’s ardent first aid efforts kept BMCS Horne alive during this transport, but tragically, BMCS Horne succumbed to his injuries as the *Halibut* arrived in Port Hueneme. These crewmen, despite immense personal danger and grave circumstances displayed fortitude and dedication during an exceptionally difficult case.

COAST GUARD FOUNDATION SUPPORT FOR COAST GUARD MEMBERS IN THE PACIFIC AREA

THROUGHOUT THE COAST GUARD'S PACIFIC AREA — encompassing six continents, 71 countries and more than 74 million square miles of ocean, from the western United States to Guam and American Samoa — the Coast Guard Foundation's impact extends to all Coast Guard members serving in this area.

One of the Foundation's cornerstones of supporting the men and women of the service is through the Shipmate Fund, which provides grants to units all across the country for morale, exercise and recreation gear.

In California, recent support has been divided among different projects, including fitness and recreation equipment for active duty members, who use the resources to stay focused and physically fit, to meet the demands of their difficult jobs. The Foundation also helps create a more comfortable work environment by providing gear that Coast Guard members can use in their free time.

Foldable bicycles for CGC *Morgenthau* allow crew members an opportunity to explore port cities during extensive deployments. CGC *Boutwell*, homeported in San Diego, replaced its onboard fitness equipment with new, space-efficient gear for its lengthy at-sea tours. Air Station San Francisco used Shipmate Fund resources to construct a state-of-the-art BBQ pit and food preparation area.

In the Coast Guard's 13th District, the cutters *Melton*, *Terrapin*, *Sea Lion* and *Wahoo* received grants to replace aging exercise equipment for on-board workout spaces, which get much use during operations, and are often ravaged by the harsh marine environment

Air Station San Francisco with their newly built BBQ pavilion, funded by donations to the Foundation's Shipmate Fund.

"The Coast Guard Foundation Shipmate Fund Program is a truly magnificent program that brings benefit to Coast Guard units and individuals nationwide and has a positive, lasting effect on morale."

REAR ADMIRAL KARL L. SCHULTZ,
UNITED STATES COAST GUARD

beanbag game boards, paintball equipment, sea kayaks and table tennis — all intended to bring together members and their families to build strong communities, as well as gym enhancements and equipment to help with physical fitness requirements.

Across the Pacific Area, a generous donor provided more than 500 individual members with iPod Touch devices for personal use. The gift gave Coast Guard members an opportunity to listen to music, watch movies and play games in their down time; as you can imagine, this gift is quite popular and very much appreciated by members and their families.

that ages equipment much quicker.

Group North Bend in Oregon invested in individual fitness gear, like professional-grade jump ropes, ab wheels and resistance bands. The Coast Guard members in this unit are focusing on strength training as part of their fitness routines.

Coast Guard members stationed in Hawaii received paddleboards, mountain bikes and sea kayaks, which provide opportunities to enjoy and experience the natural beauty offered by the islands.

In Alaska, units requested a wide variety of items, including a barbeque grill with rotisserie,

IN LOVING MEMORY

CAPTAIN CARLTON E. "GENE" RUSSELL, USCGR (RET.)

1928–2013

It was with a heavy heart that the Coast Guard Foundation said goodbye to one of its founding fathers and most ardent supporters recently. CAPT Carlton E. "Gene" Russell, USCGR (Ret.), passed away on April 9 in his hometown of Costa Mesa, California.

Gene, who was a partner at the law firm Russell, Mirkovich & Morrow, served as a director of the Foundation from 1984 to 2010, after which he was conferred Trustee Emeritus status. Gene was with the Foundation as it transformed from the Coast Guard Academy Foundation, which served the cadets of the Coast Guard Academy, to the Coast Guard Foundation. During Gene's tenure the Foundation expanded its mission to serve the enlisted corps and their families.

CAPT Russell was instrumental in getting the Coast Guard Foundation's Southern California Scholarship Golf Tournament off the ground, and led the organizing efforts for many years. Since its inception in 1992, the tournament has raised \$813,000 for scholarship funds for the children of enlisted Coast Guard members. In addition he supported the Pacific Area Awards Dinner, the Family Disaster Relief Fund, and other Foundation initiatives.

Gene graduated from the United States Coast Guard Academy in 1952. After several years of sea duty in the Coast Guard, he received his Juris Doctorate, with Honors, from George Washington University Law School, where served as Legislation Editor of the George Washington University Law Review, Captain of the National Moot Court Team and was elected to Order of Coif.

Following an assignment as legal officer for the 11th Coast Guard District in Long Beach, California, Gene returned to sea until 1965, when he entered the private practice of law. He remained in the Coast Guard Reserves, retiring as a Captain.

THE COAST GUARD FOUNDATION

Inspiring leadership, learning and a proud legacy of service to our nation by supporting the men and women of the United States Coast Guard and their families.

WHAT IS THE COAST GUARD FOUNDATION?

The Coast Guard Foundation is a 501(c)(3) non-profit organization founded in 1969. It was initially created to provide funds for academic, athletic, and morale needs of the Coast Guard Academy and its cadets which were not covered by federal operational funding. In 1986, the Foundation expanded its charter to support projects that enhance the education, welfare and morale of all Coast Guard members and their families. The Foundation is governed by a Board of 100 Trustees from all parts of the country. The Trustees elect from their members a 30-person Board of Directors to oversee the management of the Foundation. Located in Stonington, Connecticut, the Foundation employs a staff of 12 civilians responsible for meeting the Foundation's objectives and working closely with the Coast Guard on all issues.

WHAT DOES THE COAST GUARD FOUNDATION DO?

The Coast Guard Foundation is a national nonprofit organization dedicated to enhancing the lives of the men and women of the Coast Guard and their families. The Coast Guard Foundation provides education, support and relief for the brave men and women, who enforce maritime law, protect our homeland and preserve the environment. The Coast Guard Foundation aims to strengthen their service to our nation by encouraging them to excel on- and off-duty. The Foundation supports numerous programs and projects through donations from individuals, corporations and through grants and special fundraising events. The Foundation also supports academic, athletic, and leadership excellence for cadets at the Academy; provides college scholarships to dependents of enlisted personnel; funds recreational and family-oriented facilities; and supports educational and morale programs at bases, on cutters around the nation; as well as hundreds of smaller projects.

ConocoPhillips and our subsidiary Polar Tankers, Inc. proudly support the men and women of the United States Coast Guard. As we go about our daily mission of responsibly delivering energy to the world, we are secure in knowing the U.S. Coast Guard is always ready and there to protect our coastlines and coastal waterways. We are bonded by our shared commitment to safety and protecting the environment.

Crowley Salutes the Men and Women of the U.S. Coast Guard

Your commitment to protecting the public, the environment, and the United States economic and security interests in any maritime region is commendable. Crowley looks forward to continuing to work together with you to ensure the success of your missions.

Crowley's ship assist and tanker escort services are provided in every major West Coast port. To put our powerful, nimble tugs and highly skilled personnel to work for you in San Diego, Los Angeles/Long Beach, San Francisco Bay Area, Puget Sound or Alaska, call **1-800-248-8632**, or visit **crowley.com**.

PROVIDING “GAME-CHANGING” C⁴ISR SYSTEMS TO THE U.S. COAST GUARD

Photo courtesy of the U.S. Coast Guard. Use of this photo does not constitute endorsement by the USCG.

L-3's C⁴ISR Systems Are Flexible, Scalable and Built to Meet All Present and Future U.S. Coast Guard Missions.

L-3 is proud to provide the Coast Guard with integrated C⁴ISR systems that deliver formidable operational advantages and are scalable to meet any size platform within its new cutter fleet. Designed for a broad range of missions, these cutters will feature the L-3 Symphony™ and MarCom® integrated and automated interior/exterior communications systems, as well as the Coast Guard's SEAWATCH C² system on the Fast Response Cutter, allowing full integration with DoD and DHS tactical voice, data and networking systems.

To learn more, please visit our website at www.L-3com.com/marcom.
